[ABOUT]

How will you respond when you get to the end of your life and God asks if you read his book? It is a bestseller ya know...

Reading and studying the bible can be intimidating and confusing. The bible is not meant to be read like a traditional book - from cover to cover. We need to read scripture with an understanding of what is around it and many theologians have provided us perspective to help us learn.

Find a bible study at Seton that fits your schedule or choose from an online list provided.
