[ABOUT]

Have you ever wanted to understand why we do what we do as Catholics?

Decision Point is a confirmation program created by Dynamic Catholic. It provides great education on why we do what we do as Catholics. With short videos and discussion questions, this resource can be used as a self study option or with a group.

While the program was designed for confirmation, the material is relevant for anyone wanting to better understand our Catholic faith. The app has all the videos and can be downloaded easily.
