[ABOUT]

The Gospels tell the story of Jesus' life on earth. Written for different audiences and for different purpose, we can gain much from reading them today.

Each of the Gospels is written for a distinct audience and from a different perspective. Together, these Gospels provide a full reality of who Jesus Christ is comes to life. The four Gospels are a foundation of our Christian faith.

If you are curious, dig in to 1 of the Gospels and study the point of view of that Gospel, then spend time reading it. You can start with a simple video on [You Tube](#) by Dr. Brant Pitre

[THE CHALLENGE]

Pick one of the Gospels and learn about the author, audience and purpose of the Gospel, then read it over the course of a month in your daily prayer time.
